WMBE OUTREACH AND NETWORKING EVENT FOR THE SEATTLE CITY LIGHT UNDERGROUND CABLE REPLACEMENT PROGRAM

Connect with Atkinson Construction and Michels to learn more about our Progressive Design-Build team and upcoming construction subcontracting opportunities for the Underground Cable Replacement Program

PROGRAM DETAILS

Owner: Seattle City Light

Delivery Method:

Progressive Design-Build

Scope:

- » Replacement of direct-buried underground cables in an urban environment
- » Minimization of impacts on residents and the public
- » Verification of current system assets
- » Installation of new vaults and concrete-encased duct banks

Event details

Where: Triton Towers
1st Floor Conference Rm
700 S. Renton Village Place
Renton, WA 98057

When: October 20, 2026,
12:30-3:00PM PDT

Space is limited; reserve your spot early. Refreshments will be served.

OUR EXPERTISE

Guy F. Atkinson Construction

- » Heavy civil construction company that specializes in highways, roads, bridges, dams, and tunnels
- » 100+ years providing innovative design and construction solutions
- » Long history of delivering heavy civil projects in Washington

Michels

- » Leading utility infrastructure contractor specializing in electric transmission, distribution, substation, and underground cable systems
- » Industry leader in trenchless construction, including Horizontal Directional Drilling
- » Proven track record delivering complex utility projects throughout the North America

SUBCONTRACTING OPPORTUNITIES

We are committed to strengthening supplier diversity, equity, and inclusion in all subcontracting. We are seeking meaningful construction subconsultant opportunities with WMBE firms:

- » Multiple scopes available, including earthwork, sitework, drainage, civil, flatwork, paving, curb and gutter, clear and grub, sawcutting, potholing, sanitation services, public outreach, surveying, landscaping, traffic control, equipment rentals, traffic signal electrical work, and trucking
- » Let's build together—reach out to explore how your team can contribute

ONE TEAM. ONE MISSION. ONE RELIABLE FUTURE.
